

COMMUNITY-LED RECOVERY STARTS WITH *YOU*

Our Community. Our Voice. Our Future.

The Harcourt & District Community Recovery Association (HADCRA) has been established to ensure our community has the opportunity to shape and lead our own recovery.

Recovery is strongest when it is driven by local people, local knowledge and local priorities.

WHAT DOES HADCRA DO?

Fosters community leadership in recovery initiatives and identifies and advocates for community priorities in the short, medium and long term.

Works collaboratively with local community groups, emergency services, government agencies, and other charities to support disaster recovery efforts.

Acts as a conduit for community voice to Government, Mount Alexander Shire Council and other third party agencies.

Enables community recovery, resilience, wellbeing, cultural healing and social connection through advocacy, collaboration and initiatives that strengthen emotional wellbeing, economic and environmental recovery, housing support, local business recovery, youth engagement, social connection, and preparedness for future emergencies.
